

## WATERCOLOUR SUPPLY LIST

Nora MacPhail

PAPER - 9x12" Fluid Brand Watercolour Paper Block. Any good quality watercolour paper will work. Blocks are nice because the sides are 'gummed' down which makes wet-in-wet painting easier.

WATERCOLOUR PAINTS - I use Winsor&Newton Paints:

Yellow Ochre

Lemon Yellow (or Cad Yellow Light)

Cadmium Red light

Permanent Rose (or Alizarin Crimson)

Opera Pink (fun neon pink) - optional

Cerulean Blue

Ultramarine Blue

Burnt Sienna

PALETTES - A palette with a lot of mixing spaces. I use a plastic folding palette which is nice since it closes and protects the paint.

BRUSHES - Sizes 6-10. Decent quality watercolour brushes. Deserres sells a watercolour brush brand called Zen and they are only about \$5 each. They're good watercolour brushes.

BOARD - to tape watercolour paper to (if you didn't buy a block, which is gummed down at the sides).

PENCILS - 4B

OTHER - Water container, paper towels, masking tape (for paper on boards), spray bottle and kneaded gum erasers.
